Honorable Denise L. Cote  
United States District Judge  
United States Courthouse  
500 Pearl Street  
New York, New York 10007

Re. United States v. Fredi Martinez  
S7 08 Cr. 429-02 (DLC)

Dear Judge Cote:

I represent the Defendant in the above referenced matter and he is currently scheduled for sentencing before Your Honor on Friday, July 10, 2009, at 2:00 p.m. I make this sentencing submission on behalf of Mr. Martinez.

First, I have reviewed the PSR with my client and he does have objections to some of its contents.

First, Mr. Martinez has absolutely no knowledge of any of the events described in great detail paragraph 45. He was in no way involved in those events.

Second, Mr. Martinez has never been in North Carolina and, thus, denies the allegations contained in paragraph 46, although the Probation Officer seems to acknowledge that this is an error.

As to paragraph 50, although it may be of little or no importance, the second line in that paragraph which identifies an individual as "Carmen Amos" should read "Carmen

Ramos” instead. Also at the bottom of that paragraph where it is set forth that “‘Amanda’ may require surgery”, the name of this individual is actually “Samantha”.

Finally, where paragraph 66 alleges the existence of “a tax lien”, Mr. Martinez believes he has no such lien which is supported by the fact that he says he has been receiving tax refunds in recent years arising from his taxi driving income filings.

As to the appropriate sentence for Mr. Martinez, I respectfully submit that the advisory guideline sentencing range suggested in this case far exceeds Title 18 U.S.C. § 3553(a) goals and, indeed, under that statute the mandatory statutory minimum of ten years is more than what is called for under the considerations contained in that statute.

Some of the Title 18 U.S.C. § 3553(a) considerations which tilt in favor of a lesser sentence than that suggested by the advisory guideline range include the following:

First, it must be noted that, apparently, Mr. Martinez, unlike the vast majority of criminal defendants in similar cases whose criminal activity is ended by their arrest, ended **his** activity more than three years (as ¶ 2 of the PSR, coupled with the “release status” paragraph on page one makes plain) prior to his arrest and had been living a law abiding life; supporting his wife and children. He had been working as a taxi driver in his most recent job for more than a year up to his arrest, as is born out by one of the letters attached, written by his most recent employer.

Second, by all accounts, including many of the attached letters, Mr. Martinez is a loving and supportive father who is sorely needed by his children. I realize that it is often the case that the innocent loved ones and family members of a wrongdoer suffer as the result of the punishment of that individual. I don’t, by any means, therefore suggest that because of that fact the transgressor should escape all punishment. I do, however, suggest

that that fact, especially where, as here, it arguably exists in greater proportion than average, should be taken under serious consideration as an appropriate sentencing factor.

Finally, it should be noted that most of the other individuals convicted in this same conspiracy received far lower sentences than the statutory mandatory minimum of ten years as is called for here, according to the terms of Mr. Martinez's plea agreement. I don't know who, if anyone, among the other defendants received their sentence(s) as the result of cooperation, but Mr. Martinez had no such opportunity; having withdrawn and been arrested long after the cases of the others were resolved.

For all of the foregoing reasons, I respectfully urge Your Honor to sentence Mr. Martinez to the statutory mandatory minimum of ten years which, I respectfully submit, is more than enough to satisfy Title 18 U.S.C. § 3553(a) considerations. This is particularly true considering his efforts to maintain gainful employment over recent years (indeed, over the majority of his adult life, as is set forth in ¶ 62 of the PSR) coupled with the fact Mr. Martinez had been leading a crime free life over the last several years, having been arrested more than three years **after** the criminal activity leading to his guilty plea ended. Whatever, sentence Your Honor ultimately sees fit to impose, however, I respectfully request that you include a recommendation for a drug program for Mr. Martinez.

Respectfully submitted,

Paul J. McAllister

To whom it may concern:

There is a common saying that goes "choose your friends wisely" and for the last 7 years that I know Freddy Martinez I can truly consider him a great friend. Throughout the years, he has showed me he is a very respectful and caring guy. The type to always look out for everybody, the neighbor anybody would like to have living next to them. He is a friendly guy, committed to his family. Never have I seen him lose composure, always nice, calm and humble. He doesn't look for trouble and will be the first one to walk away to avoid any problems. Freddy and I would get together for a little chat and he always listened and gave me advised. One of the most notable quotes that stand out from him "always be happy, never get mad, you die faster if you don't." I write this letter not because I know his a great person or because he is a respectful family man, but because for the last 7 years he has been a good friend, and I thank him for that.

Sincerely

My friends

I'm writing this letter to inform that Freddy is a wonderful son, friend and most a great father. The years that I've known Freddy we shared good memories and wonderful laughter. He's caring, loving, and loyal to the people around him. He has brought us joy and happy moments. He has made mistakes like any other human being. He deserves to be with his kids and wife. His kids miss him and they are suffering because their father ~~is~~ is not there for a good night kiss or "I love you". He needs to be here so his family can make him change and continue to being that wonderful friend he is to all of us.

We love you Freddy  
Yasmin B.

I am Freddy's cousin and it hurts me inside to see him away from me. He has taught me what I know this day. That is to live life and enjoy my wonderful mornings. My mother is sad and so is his wife and his children. They come to me ask me "why is my daddy away". I have no answer that can be explain. We all miss you Freddy. He's a wonderful cousin and he needs to be here with us. What he has done is not easy but no human should be punished. He's a wonderful and friend human being. He loves his family and kids. I don't think he should be ~~be~~ away from us.

Sincerely,

*Yogurben E*

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$ . It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative. The second part of the paper is devoted to a detailed study of the properties of the solutions of the system (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$ . It is shown that the solutions of the system (1) are unique and depend continuously on the parameters  $\alpha$  and  $\beta$ . The third part of the paper is devoted to a study of the asymptotic properties of the solutions of the system (1) for large values of the parameters  $\alpha$  and  $\beta$ . It is shown that the solutions of the system (1) approach zero as the parameters  $\alpha$  and  $\beta$  approach infinity.
